

A low-angle, upward-looking perspective of several modern skyscrapers with glass facades. The buildings are framed by a clear, deep blue sky. The perspective creates a sense of height and architectural grandeur. The glass reflects the sky and each other, creating a complex pattern of lines and reflections.

OpuleX Group Inc

“OpuleX Smart Glass is an extraordinary partition system. A unique product that solves a wide range of design issues.

Gauri Shah, Founder
- Facilis Architects.

Retrofit Privacy Smart Films

A unique solution to convert your existing glass partition to a smart glass partition

Retrofit smart film options

- Custom Sizes
- Maximum Sizes 1.5 x 3.6 meter.
- Minimum Sizes 200mm x 200mm.
- Power Consumption 5Watts / m²
- 91% total light transmit terce.
- 2.5% Haze.
- 99.5% UV Block.
- Switch speed : 0.5 seconds.
- 1 Year Warranty

Switchable privacy films for existing glass

Your existing glass can now be converted to a smart privacy glass with our smart self- adhesive films. These films have the same switchable properties as our laminated privacy glass and can be easily installed by our expert team.

Benefits

Save costs on costly glass replacements

OpuleX smart films can be easily installed on existing glass surfaces saving you expensive glass replacement costs.

Get rid of unhygienic blinds

The Vertical or Horizontal blinds typically found in offices are not only difficult to clean but are also breeding grounds for bacteria, dust, and grime. OpuleX smart films allow you to have complete privacy without compromising on your aesthetics or cleanliness.

Privacy Smart Glass

Unparalleled quality, delivered globally, from the specialists in switchable glass.

Privacy smart glass product options

- Custom Sizes
- Maximum Sizes : 1.5 x 3.6 meter.
- Minimum Sizes: 200mm x 200mm.
- Power Consumption 5Watts / m²
- Glass type - Ultra clear tempered lamination.
- Glass thickness : 10mm, 12mm and 13.5mm.
- Switch speed : 0.5 seconds at room temperature.
- 99.5% UV block.
- Glass thickness / decibel rating
10mm / 35 db, 12mm / 37 db and 13.5mm / 39 db.

Superior clarity, exceptional performance, easy maintenance

Low iron, premium float glass and premium, German made, Hybrid EVA for greater clarity and stability. With the world's most advanced Polymer Dispersed Liquid Crystal (PDLC) for reliable, consistent performance.

Finest manufacturer & finish

All glass are processed and finished in-house using the latest machines and furnaces. Assembled in a climate-controlled, clean room environment. All glass tempered and polished as standard. Precision packed for global shipping.

Reliable, consistent operation

Every unit is subjected to a rigorous set of quality checks including extensive, automated, electrical tests to ensure reliable, consistent operation. Our advanced electrical controllers deliver the highest level of clarity and provide for several fail safes that can automatically shut down and protect the product, prolonging product lifespan.

Exceptional UV block

Privetec® smart glass provides up to 99.5% protection from damaging UV rays.

Longer life

Our raw materials, processing, finishing, testing and electrical controllers provide a higher quality, more stable, longer lasting product – the reason we can offer our comprehensive 2-year warranty.

Retrofit Smart Films

Vs

Privacy Smart Glass

- Externally applied on glass surface.
- Film exposed to external conditions like humidity.
- Chances of delamination and damage due to several reasons like equipment movement, cleaning methods.
- The electrical contacts on the film are exposed to humidity / condensation.
- Non washable. Only for dry areas as surface and electrical contacts are exposed.
- Shorter life span and limited 2 years warranty.

- Laminated between two glasses.
- Completely air tight as film is fully sealed within glass.
- No chance of any damage to the pdlc interlayer.
- The electrical contacts on the pdlc are fully secured between two glasses.
- Waterproof. Glass surface can be cleaned using conventional cleaners or water.
- Longer life span and 5 years warranty on film performance and 10 years warranty against delamination of glass.

ABOUT

The specialist in smart glass since 2021

Unparalleled experience, world-class quality, and a specialist team.

We control every aspect of our manufacturing – to ensure we deliver a quality, made-to-order solution you can trust. All our glass is processed and finished in-house. We process low iron, premium quality float glass to achieve the highest levels of clarity and consistency. We use only the finest materials, with each unit hand finished and checked, and shipped with our comprehensive 5-year warranty.
